

There's A Lot More Where That Came From

(Henry Hipkens - 9/96)

You like my kisses and you like my touch
You know I'm flattered but it ain't that much
Just a sample, just a taste
Allow me to unpack my case

Eye-yi-yi-yi there's a lot more where that came from
Eye-yi-yi-yi better hurry and get you some

You know I've heard you sigh and say
"Good love is in short supply"
I've got a truckload, where do I park it?
Say the word and I'll flood your market

Eye-yi-yi-yi there's a lot more where that came from
Eye-yi-yi-yi better hurry and get you some
