

# **Fallin' in Love**

(Henry Hipkens - 1996)

**This must be love  
What else could it be?  
This must be love  
Thank God above  
It's happened to me  
I'd come to think there was no one  
Under heaven above  
Out of the blue  
I meet someone like you  
And I'm fallin' in love**

**Fallin' in love  
What can I say?  
Only a kiss  
Yet I am this  
Carried away  
There's just no way around it  
Under, besides, or above  
I'm totally shook  
Swallowed the hook  
I'm fallin' in love  
(tag, on last verse)  
Strikin' it rich  
Son of a bitch  
I'm fallin' in love**

**I'm fallin'  
I'm fallin'  
Just like the rain from the sky  
No wonder  
There's thunder  
And lightning when you're by my side**
